**3. How will your school provide information to parents about volunteer opportunities (must include state mandated parent training)?**

Hint

KIPP DCH will announce volunteer opportunities at all Report Card Nights, via social media, and via email. KIPP DCH will require no fewer than two (2) hours of professional development for staff designed to enhance their understanding of effective parental involvement strategies. In addition, KIPP Delta Public Schools will require no fewer than three (3) hours of professional development for school leaders designed to enhance their understanding of effective parental involvement strategies and the importance of administrative leadership in setting expectations and in creating a climate conducive to parental participation.

**4. How will your school work with parents to create a School-Parent-Compact?**

Hint

KIPP DCH uses a Commitment To Excellence Interview and form (with required signatures of the school leader/teacher, parent/guardian, and student) as our School-Parent-Compact. Annually, as a part of our handbook process, we ask for survey feedback from parents so that their opinions can be factored into periodic handbook updates.

**5. How will your school provide opportunities for parents to be involved in the development, implementation and evaluation of the school wide school improvement plan, and the Annual Title I Meeting to engage them in the decision-making processes regarding the school's Title I, Part A Program?**

Hint

During the Public Annual Title I Meeting, parents will be surveyed and given an opportunity to make suggestions on the development, implementation, and evaluation of the school-wide management plan. Specifically, we will ask parents to reflect on the strengths of the existing program, opportunities for growth, and how we have done in the last year as it relates to the school-wide management plan.

**6. How will your school provide resources for parents?**

Hint

KIPP DCH will post resources for families on [www.kippdelta.org](http://www.kippdelta.org) (<http://www.kippdelta.org>) under our school's section of the organization's website. We will use social media or School Messenger to announce the availability of new resources provided by community partners. In addition, we will provide opportunities to work one-on-one or in group learning sessions with staff who have expertise in specific areas, such as KIPP Through College, which provides monthly learning sessions for families about preparing for, going to, and navigating through completion of college.

**7. How will your school engage parents in the evaluation of your parent and family engagement efforts?**

Hint

For KIPP DCH, the Mid-Year Survey from the KIPP Foundation, which gathers data around academics, school culture, and college-going rate, includes specific questions about parental involvement efforts. We will use the data to improve experiences for parents throughout the remainder of the current academic year and to plan for the upcoming academic year.

**8. How will your school use the parent interest surveys to select, plan and implement parent and family engagement activities that will be offered throughout the year?**

Hint

In the areas we are scoring lowest we will work to prioritize and solicit parental support where needed. As opportunities arise, we will use survey data to invite parents to volunteer and support school-wide events and activities.

**9. When will your school plan the Annual Title I Meeting that must be conducted separately? (It CANNOT be held in conjunction with any other meetings or activities.)**

Hint

KIPP DCH will holds its Title I meeting on October 9, 2018.

***\*After completion of this form, the school should to the district for review, feedback, and approval. Once approved, the school is required to post their School Parent Plan on their website.***
